ANIMOTIONSTUDIO™

CRAFTING EXPERIENCES

SINCE 2004

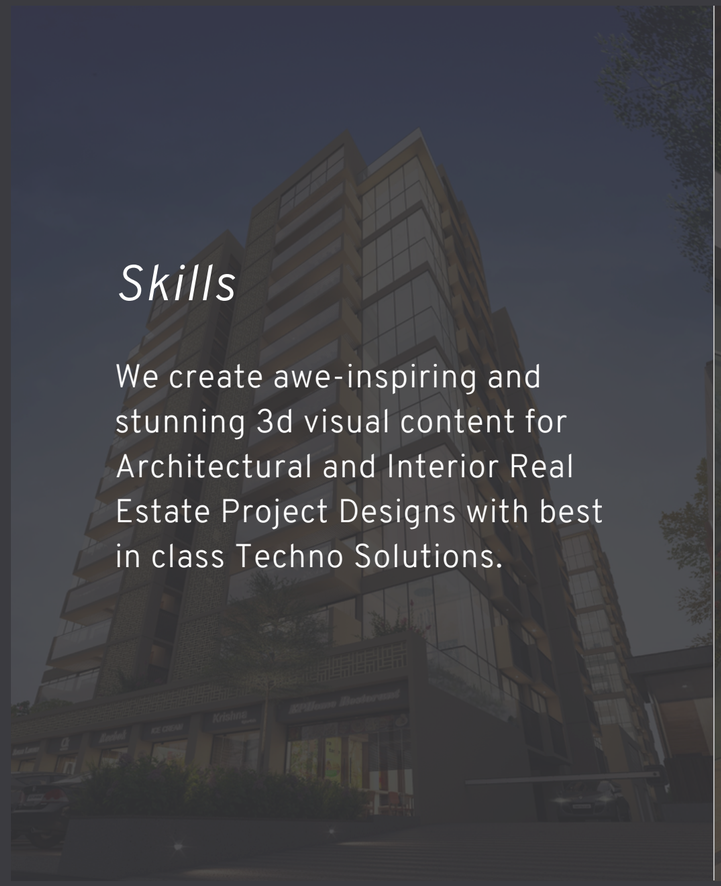

About

Rooted in Ahmedabad yet resonating globally, we are a DesTech agency redefining the language of Visual Storytelling. Our team of designers crafts poetic intersections between art and technology—where 3D Design, Photography, and Virtual Experiences converge into immersive narratives rich in color, depth, and emotion.

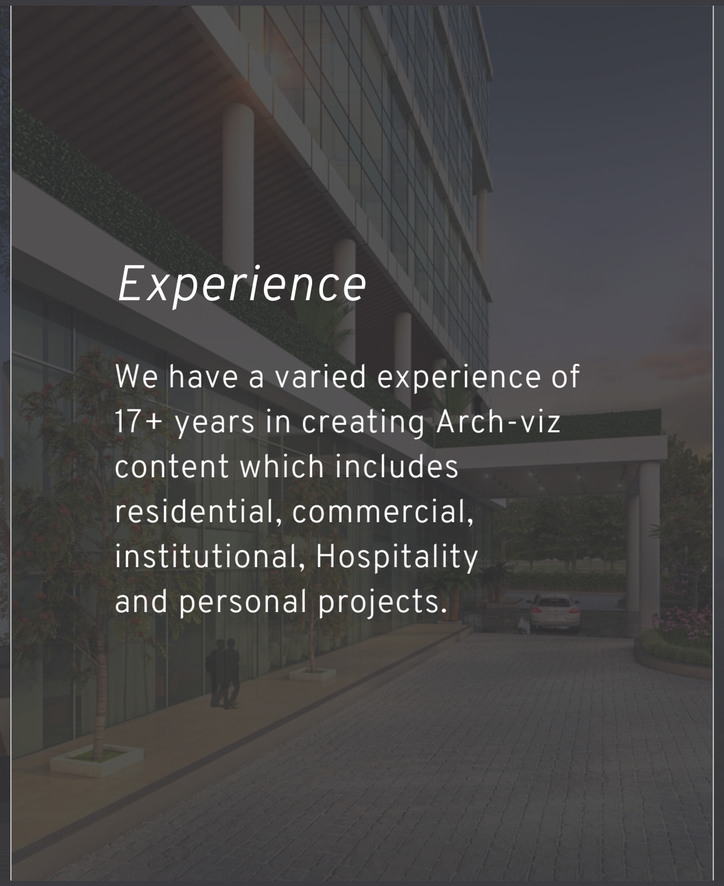

As a pioneering force in Architectural Visualization and Real Estate Solutions, we transform design concepts into living, breathing experiences—bridging imagination and reality through innovation, precision, and artistry.

WHO WE ARE ?

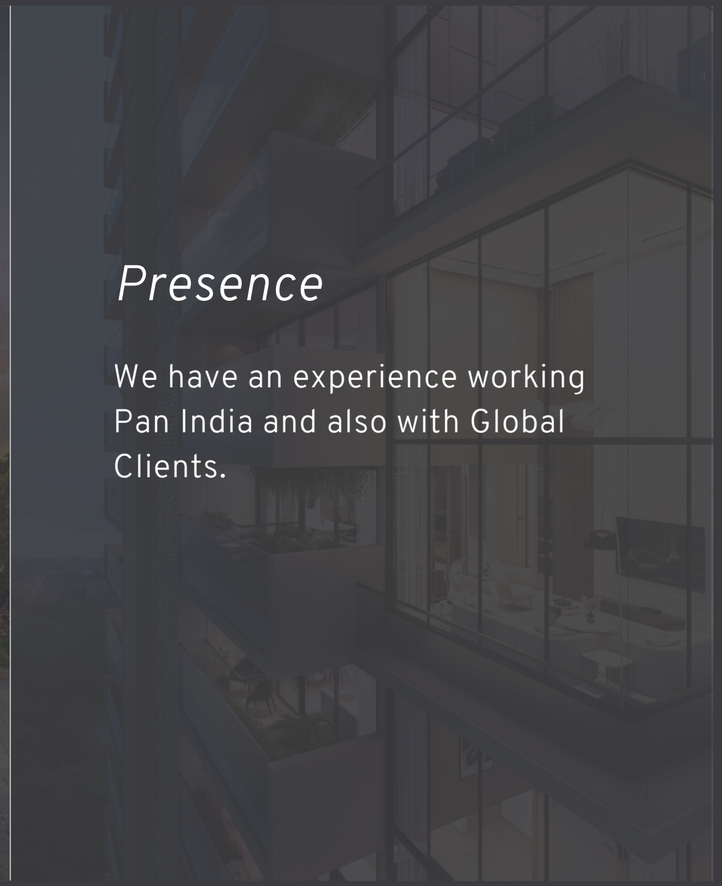

Skills

We create awe-inspiring and stunning 3d visual content for Architectural and Interior Real Estate Project Designs with best in class Techno Solutions.

Experience

We have a varied experience of 17+ years in creating Arch-viz content which includes residential, commercial, institutional, Hospitality and personal projects.

Presence

We have an experience working Pan India and also with Global Clients.

How we work

Initiation

Design brief and data pooling for Architectural or Interior design 3d.

Pre-production

Design analysis with storyboard and mood-board with look effects and camera angles.

Production

Creation of 3d spaces exteriors, landscapes or interiors as per design, lighting, camera angles and staging.

Rendering

High resolution rendering of images or sequences for Print, web or Screen.

Postproduction

Editing, Compositing, color-corrections, VFX and sound.
